

NILFISK BR755

Better ergonomics,
reliability and cleaning

NILFISK

A proven performer for efficient and productive cleaning

Welcome to the modern world of cleaning: a world in which efficiency is essential, where ergonomic and environmental considerations are vital, and where the ability to meet the most demanding customer expectations is paramount.

Nilfisk's generation of mid-size, ride-on scrubber dryers feature all that modern cleaning professionals demand, and more. Better reliability, outstanding traction, a decibel level low enough to make daytime cleaning possible in even the most sensitive areas, and amazing efficiency in both scrubbing and drying performance.

Added to which there are innovations such as the optional EcoFlex™ concept, for easily adjust of amount of water, precise detergent metering and pressure to the surface.

The BR755D & BR755C series is simply the better choice.

The BR755 model – as depicted in images in this brochure – may feature optional accessories that are not included in the base specification model machine.

For up to date & current specifications of the BR755 models – please see your Nilfisk dealer or contact Nilfisk Australia for further information.

An integrated on-board charger enables easy plug-in and battery charge at any outlet

Built-in squeegee hanging system on recovery tank for easy machine transfer in narrow areas

A debris tray captures the debris from the suction hose to prevent it from entering the recovery tank

Optional Ecoflex system, means clean with detergent or green with just water. We say both.

Both the cleaning deck and the squeegee sides are well protected by large roller bumpers

Top features and benefits include:

- Flexible options menu gives a tailored machine to suit the specific application
- Waterproof one touch control panel simplifies operations for better results
- High manoeuvrability allows cleaning in congested areas
- Adjustable scrubbing pressure ensures better results regardless of the dirt level
- Integrated 3 stage vacuum reduces noise levels to just 63 dB(A)
- Unique squeegee design for excellent drying performance
- Superb ergonomics and user visibility around the environment being cleaned
- Robust design ideal for commercial and industrial cleaning such as supermarkets, shopping malls, schools, airports, hospitals, warehouses, food and iron&metal industry

Technical specifications

Description	Unit	BR755D	BR755C (Indent model)
Part number		50000662PA	50000663PA
Voltage	V	24	24
Rated power	W	2040	1920
Sound pressure level at 1.5 m	dB(A)	63.7	63.7
Productivity rate theoretical/actual	m ² /h	4500/3150	4500/3150
Scrubbing width	mm	710	710
Max speed	km/h	6.3	6.3
Solution/recovery tank	l	106/106	106/106
Brush/pad diameter	mm	2 x 355mm Disc	Cylindrical
Brush pressure	kg	40/65/96	27/36/45
Brush speed	rpm	250	900
Battery compartment size (lxwxh)	mm	667x406x533	667x406x533
Length x width x height (w/o squeegee)	cm	152x77x131	152x80x131
Weight	kg	244	248
Operating weight	kg	658	662
